Rhodes State College – Employment Data

2016 - 2017 Degree Recipients	# of Graduates	# of Respondents Available for Employment *	# of Respondents Employed **	% of Respondents Employed	Average Salary ***	NACE Outcome Rate
NURSING						
LPN to ADN Transition Program	34	33	31	94%	\$44,101 (n=12)	100%
Nursing	85	80	71	89%	\$57,737 (n=17)	95.0%
TOTALS/AVERAGES	119	113	102	90%	\$50,919 (n=29)	98%

Figures above reflect unduplicated counts and primary first destination responses from students.

Data based on students graduating between July 1, 2016 to June 30, 2017.

Source of information/data include the following: Petition to Graduate form, Graduate Status Survey, phone calls, social media, and faculty at Rhodes State College.

*Respondents available for employment exclude graduates who have waived employment assistance for medical, military, continuing education, visa restrictions, and/or have chosen to not seek employment for personal reasons.

**Respondents employed include those placed in field, in a related field, and with partial information.

***Average salaries are based on full-time reported earnings and may include salaries which are atypical of entry-level earnings.
