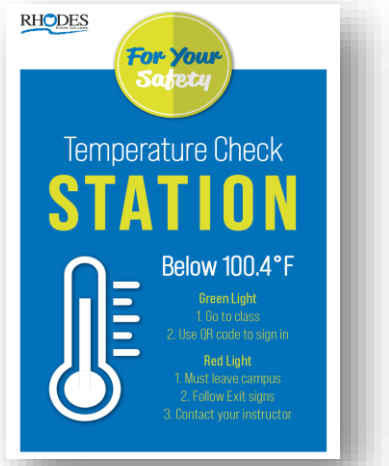
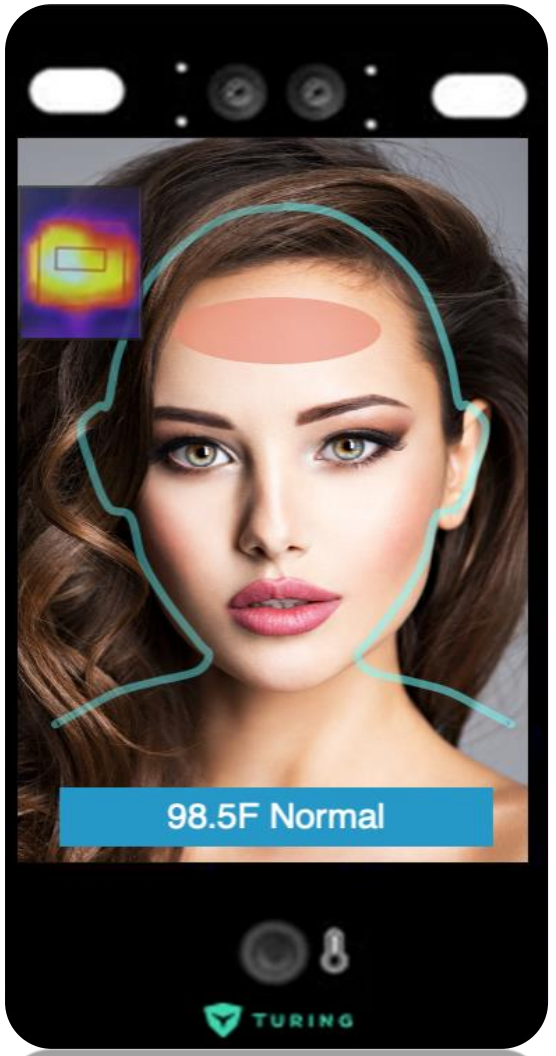
Scenarios

- At home and having the following symptoms.
- Arrive at building and temperature scan shows at or above 100.4°F or you are exhibiting any of the following symptoms.
- Feeling ill while at work or class on campus.
- Traveled to a state that is reporting positive testing rates of 15% or higher for COVID-19 as outlined on the Ohio Department of Health website.
- Close contact with test positive COVID-19 individual.
- Test positive for COVID-19.

Temperature Scan

- Temperature scanners w/QR Code
  - Indicates low and high temperatures (100.4 °F)
  - Facial Recognition (i.e. take pics)
  - Programed message indicating that you can “proceed to destination”
  - Locations: TL, Cook, KH, JJC, PS, SCI, GA
- **Temperature scans are required** upon entry of <u>all</u> buildings
- Must complete the survey using QR Code





Facial Coverings

All RSC employees, students and visitors are required to wear facial covering over nose and mouth.

When not being worn, the facial covering must always be readily available incase of unplanned contact with another person.

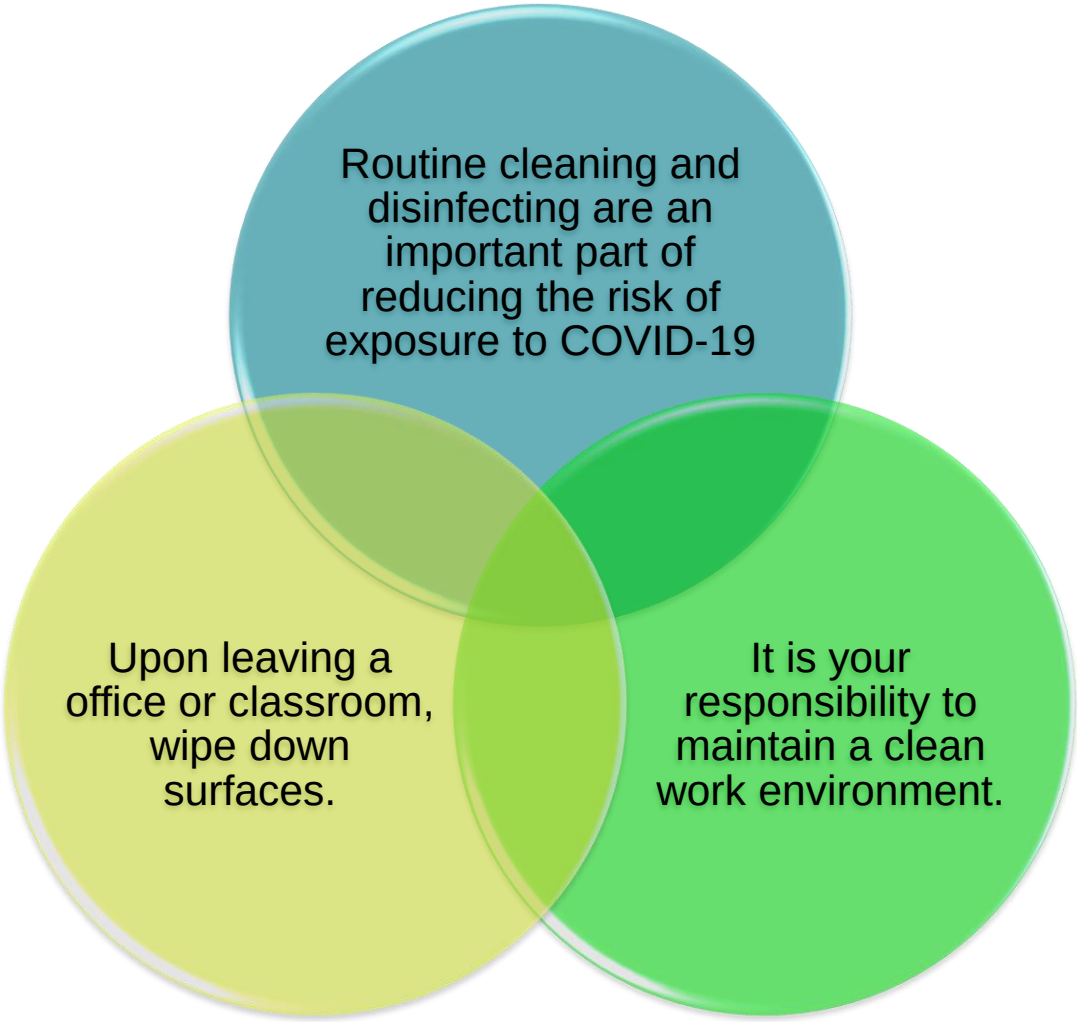
In the event you forget your facial covering, disposable masks will be available around campus. You can always contact Security.

Facial Covering Exceptions:

- Sitting alone in an enclosed space (i.e. office, vehicle).
- Health reason, with documentation from a Primary Care Provider sent to HR; and there's an alternative option that meets safety criteria (i.e. plastic face shield, Plexiglas stand, etc.)
- An officiant of religious services while on campus.

Cleaning & Sanitizing Your Workspaces

Follow CDC guidelines [CDC Guidance: Cleaning and Disinfecting]



Surfaces frequently touched by multiple people (i.e. tables, doorknobs, light switches, touch screens countertops, handles, desks, handrails, phones, keyboards, toilets, faucets and sinks, touch screens) will be cleaned and disinfected daily.
